

The Handy Ones

HG

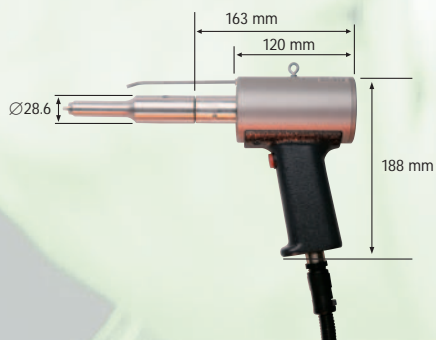

20-1

Ultrasonic hand welding unit 20 kHz

The ultrasonic welding unit HG20-1 is suitable for large manual welding operations.

- Ideal for spot welding, riveting or beading
- Rugged construction for optimal sound propagation
- Very high performance

Specifications HG20-1

Operating frequency:	20 kHz
Switches:	On the hand grip
Weight:	1.8 kg including transducer
Horns:	Customized
Amplitude Amplification:	Through integrated transducer (amplified 1:1.5)
Cable set:	3 m standard with integrated inner tube Special lengths 7 m/11 m/15 m on request
Generator:	SL20-600/1000
Options:	Air cooling of horn

Additional technical information available on request.
